Introduction

Messrs. Adnan Rahim & Co. ("the Firm") was founded by Dato' Haji Adnan bin Abd Rahim in April 2002. From its inception, the Firm has grown into a fast expanding legal firm with well-versed partners, associates and support staffs that have built the foundation for the Firm to become a sound and versatile legal service establishment. Being headquartered in Kota Damansara, Selangor, and with our branch located in Shah Alam, Selangor, the Firm over the years have built strong expertise in legal matters from Corporate & Commercial to Telecommunication Industry.

With the aspiration in meeting with the challenges in globalisation in terms of standards and needs, the firm emphasis is not to be selective in providing legal services. The firm welcomes individuals from different sectors to be part and parcel of the Firm's panel members. With such principles, it is with great honour that the Firm, as of date, represents various local and international clientele, which includes companies from the People's Republic of China, Hong Kong, Indonesia and Australia.

Being based in Malaysia does not hinder or stop the Firm from practising areas of the law which are outside of the local jurisdiction, as the Firm ensures that it's partners and associates are well versed and kept abreast with recent legal and commercial developments around the region. This is to ensure that the Firm, as a whole, are able to address and iron out various inward issues relating to the legal field, be it from a corporate, conveyancing or litigation approach.

Henceforth, the Firm's continuous effort and integrity in providing unlimited professional legal services has, in a way attracted both local and international clientele in the search of legal services, advice, assistance and consultations from the firm, which includes, but not limited to engagement for the purpose of mergers and acquisitions, corporate restructuring, capital market and corporate finance transactions, commercial agreements, establishment of joint ventures and partnerships, advisory works for foreign investors and companies, application to the government and regulatory authorities and to any other related statutory bodies for compliance, consent and approval purposes.

Ideals & Approach

With the view of providing legal services to its respective clients which are exceptional in quality, speed, efficiency as well as integrity, the Firm places great importance in its ability to provide continuity service and to develop familiarity with the Firm's clients' expectations in relation to the manner of undertaking and performing such legal services.

As such, in ensuring that such services can be successfully rendered, the Firm has adopted recruitment policies which emphasis on employees which are multilingual with positive mindset, possess the right leadership qualities, customer oriented, dedicated and importantly possess strong commitment in their undertakings. With such recruitment policies, as of date, the Firm's legal associates possess such criterions and are members of the BAR and are fully qualified to practise as an Advocate and Solicitor of the High Court of Malaya.

With the aim of safeguarding the best interest of the Firm's clients and to match the requirement that best suit the client's needs in ensuring efficiency and economical legal solutions, the Firm is committed to the pursuit accomplishment of excellent legal services and the Firm strives to enhance and provide the level of personal, innovative and integrated legal services that is expected of all of the Firm's clients.

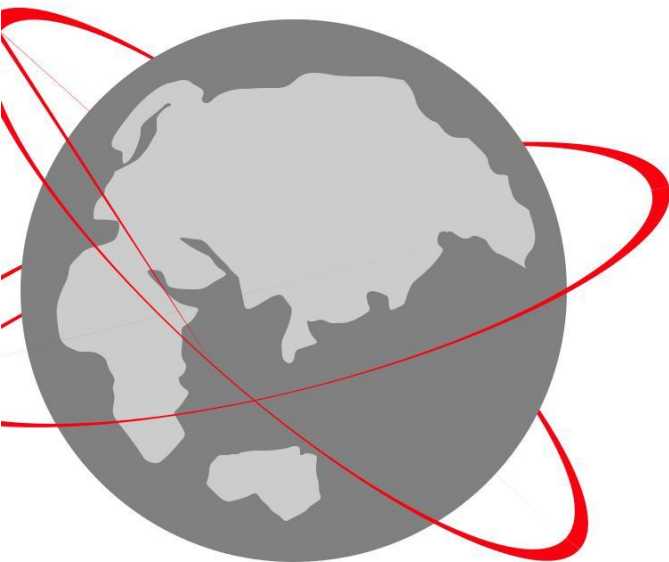

“Our employees are multilingual with positive mindset, possess the right leadership qualities, customer oriented, dedicated and importantly possess strong commitment in their undertakings”

Vision ►

To become a well-renowned Malaysian law firm backed by aggressive and well-versed practitioners team dedicated to the firm's clientele with exceptional quality legal service coupled with efficacy and efficiency

Mission ►

To provide the best legal services to the Firm's clients, both locally and internationally.

FIELDS OF PRACTICE

Fields of Practice

Corporate & Commercial

The Firm deals with extensive company matters, that involves corporations, small-medium enterprises as well as business entrepreneurs, which includes, but not limited to advising on corporate transactions, compliance with corporate legislation and stock exchange requirements, incorporations of companies, secretarial matters and share options.

Aside to the above, the Firm also deals with matters as regards to commercial agreements of which the Firm involves in substantial negotiations, drafting, reviewing, providing legal comments and reviews as well as giving advice to its respective clients. To add to the Firm's portfolio, the Firm also provide services to financial institutions and insurance companies particularly related to advice on regulatory frameworks and statutory compliance.

In regard to the Firm's diverse knowledge pertaining to corporate and commercial transactions, the Firm's services also include on mergers and acquisitions, corporate restructuring, investments, privatizations and corporatisations and structuring, telecommunications and other corporate and commercial services.

Banking & Finance

The Firm advises on banking and financing matters given the inextricable connection between financial institutions and property transactions, financing and securitisation. The Firm is well experienced in banking procedures as the Firm acts for several of Malaysian and international financial institutions, government departments, regulators and other lenders and borrowers.

The Firm is also able to provide services involving financing sales and purchase transactions, syndicated loan facilities, bridging and end-financing loans for housing loan projects, Islamic financing, staff housing loan, hire purchase and equipment-leasing.

With the Firm's in-depth knowledge and vast experience in designing a program, the Firm is able to advise its clients that wants to start new businesses by providing an understanding of local jurisdictions, regulations and culture with an international industry perspective and technical know-how. Thus, the Firm is uniquely positioned to advise both borrowers and lenders on a full range of banking and finance transactions on other sectors.

Dispute Resolution

The Firm routinely provides and handles wide range of cases in which the Firm takes pride in its approach on dispute resolutions, by achieving the best results for its clients, bearing in mind on the importance of speed and cost-effective dispute resolution. The Firm's view may differ from many other firms, but to the Firm, litigation is considered not as an end itself, but as a strategic part of commercial negotiation and dispute resolution.

At the inception of a matter, great emphasis and methods are placed on the development of effective negotiation and resolution strategies and the Firm will work closely with its clients in achieving the objectives thereof. It is also the Firm's view that the Firm's earlier involvement during any potential contentious matter would enable the Firm to best determine the right strategy in achieving great results and outcomes for its clients.

Such range of expertise in handling dispute resolutions would encompass industrial areas, employment matters, shipping and logistics, criminal litigation, bankruptcy, wills and probate matters, tort, arbitration and general litigation. The Firm is also proficient in advocacy at all stages of the litigation process, which includes trials and a variety of interlocutory proceedings, obtaining a variety of order ranging from final judgments, appeals, reciprocal enforcement of judgments to insolvency and foreclosure orders.

Intellectual Property

The Firm provides comprehensive legal services in all respects of intellectual property matters on trademarks, patents, copyrights, geographical indications and industrial design, including, advising clients on potential commercial exploitation of intellectual property rights.

The Firm also emphasises on the importance of protection and registration of products under the intellectual property law to its clients. As such, the Firm undertakes and assists its clients in registering its intellectual property with the Intellectual Property Corporation of Malaysia ("MyIPO") which includes, preparing and submitting related documents to MyIPO and in ensuring that such application is successfully registered with MyIPO.

Real Estate

The Firm’s extensive experience in areas of finance, construction, insurance and tax ensures the Firm’s capabilities in advising and preparing documentations for both lenders and borrowers in relation to real estate finance needs and requirements. With the Firm’s close involvements with developers for the purpose of residential and commercial projects, as well as in the construction industry in general, the Firm is capable not only to handle standard sale and purchase agreements and transactions but, are also well versed in advising and drafting agreements for leases, tenancies and various types of joint ventures.

Telecommunication Infrastructure

Having a strong prominent key player company in the telecommunication infrastructure services industry within Asia, the Firm possesses broad and vast experience with regard to this industry, and thus are capable of advising and ensuring that each and every legal issue, compliance with the federal and state laws including, local council regulations are strictly adhered to. Other services would also include in advising for the purpose of leasing, be it on buildings, private lands and/or state-owned lands, as well as providing external legal input revolving litigation matters in relation to the telecommunication infrastructures.
